same amount for five years for \$100, 1000; bids for smaller smounts were also received from Messrs. Chancellor, of Parkersburg, and Doddridge, of Wheeling. The firm of Alderson & Paull having offered to insure the building for a larger amount than their competitors, the committee recommended that the contract be awarded to them, provided that every policy of insurance be placed in companies authorized to do business in this State, and complying with all the requirements of the law. This was considered advisable for the reason that the State would set a bad precedent in encouraging outside insurance beniness. The report of the committee was adopted by the Board.
